

## SUPPORTIVE AND SECURE COMMUNITIES

Later life is filled with possibility, and we believe there is vitality in togetherness that gives people purpose and a sense of fulfilment. Along with the benefits of independent living within their own apartments, homeowners are able to enjoy activities in the shared spaces within the development.

These include a shared lounge and a guest suite for when friends and family come to stay. All of our developments also include beautifully landscaped outside spaces which enhance both the building and the local neighbourhood, as well as providing a social area for homeowners to come together which is, importantly, accessible to older people.

The shared spaces provided with our retirement communities help to combat loneliness in later life more effectively. A ready-made supportive community is available for homeowners to access, whilst retaining their independence and involvement in the wider local area, as they choose. We make this a priority within our developments, ensuring that a range of social activities, events, organised outings and opportunities to make new friends are available to all its homeowners.
