

Attractive outside spaces

We seek to ensure that all of our developments have high-quality outside space and landscaping for our residents to enjoy, to improve the site's relationship with the surrounding area and encourage biodiversity.

We recognise that excellent gardens and landscapes turn a good development into a great one, and we are pleased that many of our schemes have won awards for their outside space.

Our own management company will maintain the grounds on behalf of our residents to ensure they develop and mature to enhance both the building and the local neighbourhood.
